CURRICULA DESCRIPTIONS

For 1 and 1 year olds. Cuddle, bounce, and bop with your baby in Kindermusik's newest curriculum. Whether your baby is five weeks or five months, this class will be perfect for you! With age-appropriate activities for newborns, infants and crawlers, this parent-child music and movement class will help you strengthen those early parent-child bonds, understand your baby's development, and heavily focus on child development and communication with your baby. You and your baby will enjoy instrument play, dance, exploration time, and together time—and you'll get expert advice and parenting resources based on the most recent research in baby development.

For 1 and 2 year olds. Embark on Kindermusik's fun new exploration of singing, swaying, laughing, and playing through *Sing & Play*, a just-right mix of early-childhood vocal play and language development, together time, and music and movement activities!

For 2 and 3 year olds

This music-filled class celebrates the unique joys of your growing child. Each week your child will love singing, dancing, and playing instruments with you and her new friends and you'll love helping her practice a wide variety of abilities such as gross and fine motor skills, turn-taking, social skills, and active listening.

Ages 3 – 4 yr. Each week in class we combine your preschooler's natural love of music, storytelling, and imaginative play with age-appropriate activities that introduce early music concepts and foster independence, social and emotional skills, language growth, and self-control.

Mixed-Age class – We offer Kindermusik for ages 1 to 5 on Wednesdays at 1:00. This mixed age class is truly a one-room schoolhouse form of learning. We provide activities for every age and stage of development in this class, and it creates a wonderful atmosphere of bonding and support between families.
